

Facility Management

We offer a range of facility management services to keep your buildings clean and functional. Whether you require commercial cleaning of your buildings, inspections (test & tag) of electrical equipment or fire system servicing to ensure regulatory compliance, Ausco has you covered.

Commercial Cleaning

- > Regular & Periodical Cleaning of your buildings, maintaining cleanliness and longevity.
- > Management of building waste including emptying bins and proper disposal.
- > Auditing of your building's conditions to provide you with information on the state of your site.

Test & Tag

- > Inspections of your electrical equipment to ensure they are safe and serviceable.
- > Scheduled inspections to work around your site or project requirements.

Fire System Servicing

- > Inspection and testing of extinguishers, smoke detectors, emergency lighting and other fire safety equipment.
- > Comprehensive service to ensure your fire protection equipment is functional and compliant with fire safety legislation.
